ORDINANCE 1685 AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SEAL BEACH PROHIBITING THE USE OF ELECTRONIC SMOKING DEVICES IN PUBLIC PARKS, ON BEACHES, AND ON THE SEAL BEACH PIER WHEREAS, the City Council has previously determined that because tobacco use, and the resultant exposure to secondhand smoke and other tobacco byproducts, cause death and disease and impose great social and economic costs, smoking should be prohibited in public parks, on the beach and the Seal Beach Pier; and **WHEREAS,** the U.S. Food and Drug Administration (FDA) has preliminarily found that the use of electronic smoking devices (commonly called “vaping”) can also harmfully affect human health, and that, because electronic smoking devices are often marketed in appealing flavors, the use of such devices can increase nicotine addiction among young people and may lead to their use of conventional tobacco products. Electronic cigarettes, electronic cigars, electronic cigarillos, electronic pipes, electronic hookahs, vape pens, and similar electronic smoking devices are generally designed to look like or be used in the same manner as conventional tobacco products; and **WHEREAS,** State laws regulating tobacco and tobacco products do not, with limited exceptions regarding smoking in the workplace, preempt or otherwise prohibit the adoption of local standards, or enforcement of local ordinances, that impose greater restrictions than the standards imposed therein. It is therefore the intent of the City Council to protect public health and safety by supplementing applicable state and federal law and not to duplicate or contradict any such law, and this Ordinance shall be construed consistently with that intent; and **WHEREAS,** the use of electronic smoking devices also can introduce a source of combustion into areas of fire risk, such as the Seal Beach Pier. NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF SEAL BEACH HEREBY ORDAINS AS FOLLOWS: **Section 1.** The City Council finds that each fact set forth in the preceding recitals is true and correct. **Section 2.** Subsection I of Section 7.55.010 (Park Use Restrictions) of the Seal Beach Municipal Code is hereby amended to read as follows (text to be added is underlined and text to be deleted is shown in ~~strikethrough~~):“I. No person shall smoke. For purpose of this section 7.55.010, the term “smoke” includes without limitation the following: carrying or holding of a lighted pipe, cigar, cigarette or any other lighted smoking product or equipment used to burn any tobacco product, weed, plant or another combustible substance (“~~similar device~~” hereinafter); the lighting of a pipe, cigar, cigarette or similar device; and the exhaling of gaseous products and particles created by the use of a lighted pipe, cigar, cigarette or similar device. For the purpose of this section 7.55.010, the term “smoke” also includes the use of an Electronic Smoking Device, which is defined as an electronic or battery-operated device, the use of which may resemble smoking and may be referred to as “vaping,” that can be used to deliver an inhaled dose of nicotine or other substances. An Electronic Smoking Device includes the nicotine or other substances used in or produced by any such device, whether manufactured, distributed, marketed, sold, or given as an electronic cigarette, e-cigarette, electronic cigar, electronic cigarillo, pipe, hookah, or any other similar device or product name or descriptor. The term Electronic Smoking Device does not include any medical inhaler prescribed by a licensed doctor, or any other product specifically approved by the United States Food and Drug Administration for use in the mitigation, treatment, or prevention of diseases. No person shall intimidate, threaten any reprisal, or effect any reprisal, for the purpose of retaliating against another person who seeks to obtain compliance with this section. Violations of this section shall constitute an infraction unless prosecuted pursuant to the administrative citation procedure of this code.” **Section 3.** Subsection J of Section 7.55.010 (Park Use Restrictions) of the Seal Beach Municipal Code is hereby amended to read as follows (text to be added is underlined and text to be deleted is shown in ~~strikethrough~~):“J. No person shall scatter, throw, place, discharge, deposit or leave, or cause, suffer or permit to be scattered, thrown, placed, discharged, deposited or left, any refuse matter, waste matter, rubbish, garbage, lighted or unlighted cigars or cigarettes, cigar butts, cigarette butts or any other tobacco-related waste, waste from Electronic Smoking Devices as defined in Section 7.55.010(I), effluent, carcasses or remains of any creature, or any portion thereof, paper, empty containers, remnants of any food or other waste, trash or broken glass, nails, tacks, dirt, or any substance or material whose presence at a park might result in injury to any person. Notwithstanding the preceding, a person may discard items in receptacles designated for such items. Violations of this section shall constitute an infraction unless prosecuted pursuant to the administrative citation procedure of this code.” **Section 4.** Section 9.05.060 (Smoking on Pier or Beach) of the Seal Beach Municipal Code is hereby amended to read as follows (text to be added is underlined and text to be deleted is shown in ~~strikethrough~~):“It shall be unlawful to smoke in or on the city pier or any public beach. For purpose of this section, the term “smoke” includes without limitation the following: carrying or holding of a lighted pipe, cigar, cigarette or any other lighted smoking product or equipment used to burn any tobacco product, weed, plant or another combustible substance (“~~similar device~~” hereinafter); the lighting of a pipe, cigar, cigarette or similar device; and the exhaling of gaseous products and particles created by the use of a lighted pipe, cigar, cigarette or similar device. For the purpose of this section, the term “smoke” also includes the use of an Electronic Smoking Device, which is defined as an electronic or battery-operated device, the use of which may resemble smoking and may be referred to as “vaping,” that can be used to deliver an inhaled dose of nicotine or other substances. An Electronic Smoking Device includes nicotine or other substances used in or produced by any such device, whether manufactured, distributed, marketed, sold, or given as an electronic cigarette, e-cigarette, electronic cigar, electronic cigarillo, pipe, hookah, or any other similar device or product name or descriptor. The term Electronic Smoking Device does not include any medical inhaler prescribed by a licensed doctor, or any other product specifically approved by the United States Food and Drug Administration for use in the mitigation, treatment, or prevention of diseases. No person shall intimidate, threaten any reprisal, or effect any reprisal, for the purpose of retaliating against another person who seeks to obtain compliance with this section. Violations of this section shall constitute an infraction unless prosecuted pursuant to the administrative citation procedure of this code.” **Section 5.** If any provision of this Ordinance is held invalid by a court of competent jurisdiction, such provision shall be considered a separate, distinct and independent provision and such holding shall not affect the validity and enforceability of the other provisions of this Ordinance. **Section 6.** The City Clerk shall certify to the adoption of this Ordinance, and the City Clerk shall cause this Ordinance or a summary thereof to be published as required by law. ADOPTED by the City Council of the City of Seal Beach on this 22nd day of June, 2020.

West Orange County Republican Women Federated honors its 2020 Woman of Distinction

COURTESY WOCRWF

At their first in-person meeting following the lockdown, West Orange County Republican Women Federated surprised long-time member Margene Walz with the club's 2020 woman of distinction award. The "Mindy Yatsui Woman of Distinction Award," named after a beloved member who always volunteered and kept her beautiful smile even through difficult battles against cancer, is given only when a member deserves its special recognition.

Walz joined the Federation in 2000. She joined the Seal Beach club and held positions in membership and programs. In 2007, she became a member of West Orange County, which at that time was known as Rossmoor-Los Alamitos. "Both are fantastic clubs with active members and headline speakers, but I had a close friend who lived in Rossmoor and wanted to be involved with her club's events and activities."

Throughout her tenure with West Orange County, Walz has held numerous positions including president, parliamentarian, programs and voter registration.

The award recognition at the June meeting was a bittersweet moment since Walz is leaving California for Nebraska. "I have always enjoyed being part of the California Federation of Republican Women and especially the exciting West Orange County club where members become friends. I will miss my Federation friends in Seal Beach and West Orange County and wish the them success in Making California Great Again!"

West Orange County Republican Women Federation, which serves west Orange County cities and greater Long Beach, welcomes like-minded women and men who want to impact local, state and national politics. For more information, contact WestOCRWF@gmail.com.

Grandma told me to be very careful about telling anyone. She said people would think I'm a lunatic," Grindel said.

"Wow! What a dream, Grindel! Now I understand and I swear I will keep your secret. Let's walk some more with Molly and see what's going on closer toward the ocean. I see something in the waves and it just washed up on the beach," Suzanne said. "It's a little sea turtle all wound up in some

fishing line, let's help him," Grindel said. They worked and worked to save the little guy and get him back in the water. He shimmied down the sand to the waves and swam off to enjoy the sea.

The girls went home to dinner and came back the next day because something had caught their eye way out on the jetty and Molly was dying to chase it. They thought maybe it might be a cat or a rabbit and were worried it might be hungry. They were in for a big surprise. They climbed on the rocks and started searching and

pretty soon they saw this little creature rear up on it's hind legs to get their attention. By that time Molly was barking and going crazy. "That animal is very strange, it has eyes that glow like a star," Suzanne said. "Let's try to catch it," Grindel replied.

or curricula into the district's system. She explained the difference in creating an elective course and a course that is required to complete for graduation.

Reed noted the two district policies that any new course would have to comply with and said there are two "pathways" for a new course. She said at first glance, it may appear that creating a new course will take a very long time, but in reality, she said, "they can happen quickly."

She said any ethnic studies course will likely be included in the English or Social Studies curriculum.

The process will involve the vetting of courses, textbooks, and other materials, she noted, including the achievement of buy-in from parents, teachers,

administrators, and other stakeholders.

Reed also mentioned pending state legislation, introduced in 2016, that could also have an impact if passed. Basically, she said there are many fluid dynamics involved in the creation of a new course like ethnic studies.

That being said, Reed said the new hire suggested by Dr. Pulver could accelerate the process and having public support from teachers and parents will help as well.

The Assistant Superintendent said the district was monitoring other area school districts, three of which had already installed an ethnic studies elective course, and several more that are also looking at alternatives. Reed also explained the differences between elective course offerings and those required for graduation.

"It's a very structured process," she said, noting that it

is likely that a course could be ready for the 2021-22 school year, but timing is difficult to accurately predict as to what the course will look like or when it can be approved for inclusion.

Pulver said the district has long been working on several areas of staffing and instruction to improve overall diversity and inclusion, yet there is now new "urgency" that should become a factor.

The Superintendent received direction from the board to allow his administration to pursue two options for ethnic studies, including one path for an elective course and another that could become a requirement for graduation.

Asked after the meeting about the action taken by the board, O'Campo said "It was really encouraging," noting that the board seemed to "be moving very fast" to include ethnic studies in the system.
